easier to do your sums if you  
have a silver pencil that slides  
in and out, always sharp and  
never have to stop and sharpen  
it. Or if you prefer an assort-  
ment of wooden pencils, we  
have a dandy sharpener.

Every boy will want a knife,  
a good sharp knife. Then for  
the games, at recess and after  
school you will want a rubber  
ball, a baseball, a tennis ball  
and a foot ball, etc.

You'll be anxious to start  
to school after you've visited  
our store and outfitted your-  
self with some of these first  
aids to happy school days.

## VISITS OIL WELL.

It's here!  
There is not the least bit of  
about it!

Oil is here—in paying quan-  
tities. In company with C. W. Ro-  
the editor took the liberty of mak-  
ing the paper a day late and ran-  
to the Eastman & Tarver  
Friday morning.

We found Mr. Tarver, a man  
but genial gentleman, in charge  
the well and a force was run-  
the sand bucket drawing out  
twenty gallons of greasy sand  
every twenty minutes. Mr. Tar-  
said the bucket had been run-  
hours at this rate without low-  
the oil which stands about 100  
deep in the well. The slush  
standing nearly full of oil that  
been drawn out this way.

This well, which is a mile  
Southwest of the original Ina  
covery well, and a couple of  
dred yards west of the Smith-  
son well—both producers—oil  
bearing sand at 924 feet,  
drill penetrated this sand 42  
and was stopped before a  
through the sand.

The first pump test was of  
hours duration and yielded 48  
rels. Since this test the pump  
has been at irregular intervals,  
since striking the oil some two  
ago upwards of 300 barrels  
been taken from the well.

Mr. Tarver is an experienced  
driller, having had experience  
several fields, and is confident  
he has a big paying well. Yet  
modest in his claims, and says  
may take several weeks of cor-  
bailing to remove the sand and  
the well to capacity production.

If any thing was needed to  
move the doubt from any one's  
that the Ina oil field has opened  
pay oil territory, a visit to this  
will remove that doubt.

Tarver & Eastman have the  
any one can see for themselves.

MEDINA IRRIGATION PROP-  
TIES SOLD.

Unknown to most of our peo-  
and without causing the slight-  
excitement, a business deal in-  
over four million dollars was trans-  
acted here Tuesday afternoon  
this week.

The transaction was the  
under bankruptcy proceedings,  
all the properties involved in the  
dina Irrigation Project. Only a  
of the interested parties were pre-  
ent and the transaction was in  
legal formality to comply with  
law.

The price paid was \$4,000,000  
about half of the original cost of  
property.

When this sale is confirmed by  
courts, it is expected that a new  
of development of these neglec-  
properties will begin.

—[So Big]—  
After considerable delay and  
little difficulty, the reaming of

### SAINT LOUIS DAY, 1925.

As is customary on August 25th, Saint Louis Day, the patron feast of St. Louis Parish, was solemnly celebrated, and more so this year on account of the blessing of our new Parochial School.

At 9:30 Bishop Drossaerts, D. D., accompanied by about 50 visiting priests, were escorted from the Parochial residence to the new school building, where the Right Rev. Bishop blessed and dedicated the building, after which they were escorted to the St. Louis Church, where Solemn High Mass was celebrated, with Rev. Father Lenzen as celebrant, and Rev. Father Fitz-Simon as Deacon and Rev. Laput subdeacon. Rev. Geehan was master of ceremonies. The Right Rev. Bishop delivered the Sermon. In which he declared that he is never happier than when called upon to bless and dedicate a new school in his diocese. He made it plain that the parish in doing so is making progress and were made to realize that a Christian education for our boys and girls is in keeping with the teachings of the Catholic Church. He gave a detailed history of our parish from the beginning to this day showing that much progress has been made. His remarks were eloquent scholarly and well received.

The edifice was thronged with worshippers, many visitors from the surrounding towns being present. The choir rendered a special selection for the occasion.

After Solemn High Mass, Benediction of the Blessed Sacrament brought the Church festivities to a fitting close.

After the Church festivities, the Right Rev. Bishop and the visiting Priests and everybody else left for the Electric Park where an elegant dinner awaited them, prepared by the women of the parish. And such a dinner, there was plenty to eat for all. After dinner the Keno table was the main attraction until supper time, when supper was served to the largest crowd on record, which brought the social gathering to a close. A large sum was realized, which goes towards the payment of the school debt. It was estimated that about 2,000 persons were within the gates of our little city. August 25th, 1925, Saint Louis Day, will long be remembered.

open for the 1925-26 term on Tuesday morning, September 8th, with one more teacher than in former years.

Rudolph Bippert, who was working in San Antonio for some time returned home Tuesday.

Miss Clara Schott returned to her home at Devine, after a week's stay with her aunt, Mrs. Albert Meckler, at the Sauz.

Mr. and Mrs. Wm. Keller from here and Miss Rosa Mangold from Castroville were San Antonio visitors last Friday.

Mrs. Ferd. Ahr, John Koenig and daughter, Miss Elsie, were San Antonio visitors Thursday with relatives here.

Alex Jungman and family left last Thursday morning in their car for Schulenburg on a week's visit to Mrs. Jungman's folks there.

Mrs. Theresa Zinsmeyer and daughters, Mrs. L. A. Ricks and children and Misses Lorine and Alma from Divot spent several days here with relatives this week.

Miss Nettie Luckenbach of Seguin underwent an operation for appendicitis Tuesday. From reports received by relatives here she is getting along nicely.

Mr. and Mrs. Louis Biediger and Miss Ruby Mann were San Antonio visitors Monday. From where Mrs. Biediger left for Seguin on a week's visit.

F. M. Mills and children and Mr. Mills' Mother were visiting Mrs. F. M. Mills at the Santa Rosa Infirmary Tuesday evening. They report Mrs. Mills is doing fine, after undergoing an operation there last week.

Mr. and Mrs. Henry Biediger and son, Paul, and daughter, Mrs. John B. Rihn, and son, John B. Jr., were in San Antonio Sunday visiting relatives. While there they also paid a visit to Henry Haass at the Santa Rosa Infirmary.

Mesdames J. L. Mangold, Johnson and friends, stopped over here Tuesday evening on a visit to relatives and friends while on their way home to San Antonio from attending the 25th of August Celebration at Castroville.

Mrs. Louis Mangold and daughters, Misses Rosa and Irma, and Florence Conrad of Castroville spent last Thursday with relatives here.

Mr. and Mrs. Thomas Kirby and daughter, Hortense, and Daniel Christilles were Fredericksburg visitors Sunday. They were accompanied back by Mrs. Daniel Christilles, who had spent the past week with her parents there. They also took in the County Fair, which was taking place there Sunday.

Emil Mangold and family returned home last Thursday from a two week's visit with Mr. Mangold's parents at Tarpley. They also took in the Bandera County Fair and the big dance while there. They reported crops just fine at Tarpley, two good showers of rain fell during their stay there. They enjoyed the trip immensely only sorry that they could not stay longer.

### A THRIVING CITY WILL BE REARED AT MEDINA LAKE.

A further essential step in the Medina irrigation district development was taken in Hondo, Tuesday, when the 47,000-acre tract was sold at public auction for \$4,650,000.

As the bondholders were the purchasers this move was but a formality to clear up the receivership, but it is significant nevertheless. As soon as Federal Court shall approve the transaction—early next month, probably—the Medina enterprise will be solvent once more; and then it undoubtedly will flourish. Thus, after difficulties extending through 12 years—for which the war ultimately was responsible—the vision of Dr. F. S. Pearson and other engineers who executed the Medina Lake plan and recognized its possibilities, and the faith of the investors who put their money in it, will be vindicated.

The enterprise no longer is what Hugh R. Robertson, the receiver, once described as a "sort of shattered dream"—now it is a solid achievement. Success already is assured, though the greatness of the possibilities can be realized but imperfectly as yet.

Most of this land—lying in Medina, Bexar and Atascosa Counties—is barren today, and very largely it still is in cactus and mesquite; yet it brought more than \$86 an acre at auction, whereas not many years ago \$5 an acre would have been considered a handsome price. By its very existence the Medina Dam has added more than \$80 an acre to the value of the tract.

Water has magic properties to transform the desert into a garden spot; soon the irrigation system will be ready, bearing the life-giving fluid to each separate small plot, which will provide a home for a farmer. With the advantages of fertile soil, abundant water, fine climate and convenient markets realized generally at their full worth, a home-seekers' rush such as often was witnessed in other days when highly desirable public domain was opened for settlement, undoubtedly would ensue.

Even Uncle Sam in the palmy times of the Golden West offered no opportunities more alluring. In a few years this land doubtless will be selling at \$1,000 an acre, or more; little of it will be on the market at any price. A thriving city surely will grow up beside Medina Lake, devoted to utilizing the farm and garden products—a congenial and highly profitable neighbor to San Antonio.—Thursday's Express.

### A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

### THE KENDALL COUNTY FAIR, AT BOERNE, PROGRESSIVE.

The Kendall County Fair at Boerne, which will be held September 4-6, this year, has gone on record for years and is considered a fair of progress.

Although Kendall County is known for its drought this year, the directors of the fair Association decided to go ahead and have the fair, and it is already established that this year's fair will be a big one, according to the applications for space at exhibition hall and stock pens and otherwise.

The fair should be attended by everyone in Kendall County, and of course by nearly everybody in adjoining counties according to the Secretary of the fair.

The management of the Kendall County Fair wants your assistance to make it a fair that the whole community will be proud of.

The management has planned a live progressive fair, abounding in fresh and novel sights and exhibits, and making it interesting to visitors and all.

The Floral and Domestic Hall will be a scene of varied beauty and wonder of woman's industry and handicraft, such as textile fabrics, knitting, crocheting and fancy work, there will also be the most attractive school exhibits, drawings, paintings, engravings, carving and bric-a-brac, and gems of ancient and modern fine art, antiques, and old and valuable relics, keep sakes and curiosities, including also old time war relics and souvenirs and the most beautiful exhibit of flowers, plants, bouquets and floral ornaments will be shown, etc., etc.

There will be one of the best sheep and goats exhibits ever shown here, more entries now than ever before, hogs exhibit will be good. There are fifty thoroughbred race horses on the grounds now, and full race program will take place daily.

Military Band concerts daily, and a soldiers' unit demonstration of drills and exhibits given daily, two bands during daytime, extra up to date orchestra for dancing in open dancing pavilion every night, baseball daily.

Saturday old settlers and old folks reunion and get together, a full program for same, fiddling of old time pieces, speaking of Kendall and adjoining counties old time history, prizes for fiddling and dancing contests.

Ford Car given away Sunday, and ten attendance premiums daily.

The directory expects to make this the BIGGEST of all fairs yet.

### [Read]—GRADY COUNTY TO PRODUCE BIG COTTON CROP.

Pickers Needed.

Special to Anvil Herald.

Chickasha, Okla. Sep. 2.—Grady county is expected to produce another large cotton crop this season. Cotton brokers estimated that the yield this fall will be from forty-five to fifty-five thousand bales.

To gather this great crop, it will require two or three thousand outside pickers. Some are now in the county but many more are needed.

Living conditions are good. There is no malaria in the county so that the health of the pickers is assured. The water is good. The picking is good and the pay is good.

To those who are interested in securing employment in the cotton field, the Chickasha Chamber of Commerce will gladly furnish information.

THE NEW MODELS NOT "NEW" FORDS.

Edsol B. Ford, president of the Ford Motor Company, in a statement issued yesterday following the announcement of improved Ford bodies and chassis refinements, said: "We do not want the impression to prevail that we are producing new Ford cars."

"Bodies for Ford cars have been materially improved but the Model T chassis remains unchanged except for a lowering of the frame and a few other important changes. Bodies, in four types, have been completely redesigned and built lower to contribute to better appearance, driving and riding comfort and roadability of the cars."

"Body improvements and chassis refinements at this time are more pronounced than at any previous time since the adoption of the Model T chassis. They are, however, entirely in accordance with the policy of the Ford Motor Company to give to the public the benefit of every improvement which we find practical for Ford cars."

"By preserving the design of the Model T chassis, the company is safeguarding good service for owners of approximately 9,000,000 Ford cars and trucks now in use throughout the country as well as for new car purchasers."

## GET AT THE CAUSE!

Many Hondo Folks Are Showing How to Avoid Needless Suffering.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Hondo people. Profit by this Hondo resident's experience:

B. H. Robinson, carpenter, says: "I was troubled with my kidneys. I had to get up three or four times at night to pass the kidney secretions which were scalding and highly colored. I had dizzy spells and black specks appeared before my eyes. My head ached and I had sharp pains through my kidneys. Doan's Pills regulated my kidneys and my back never aches now."

## LIS PENDENS NOTICE OF SUIT.

Medina County, Plaintiff,  
vs.  
No. 2068

John Farmer et al., Defendants.  
Suit Pending in the District Court of Medina County, Texas.

Filed the 2nd day of April 1925.  
NOTICE IS HEREBY given that the above styled and numbered cause is now pending in the District Court of Medina County, Texas, wherein Medina County (Texas) is plaintiff, and John Farmer, individually and as a member of the firm of Miller & Farmer; D. E. Miller, the firm of Miller & Farmer, composed of the aforesaid John Farmer and D. E. Miller; New Amsterdam Casualty Company of Baltimore, Maryland, and New York City, New York; Henry Rothe and Joe Koch, each individually, and jointly as composing the firm of Rothe & Koch; Alf. Zinsmeyer; the D'Hanis State Bank, a private corporation, of D'Hanis, Texas; the First State Bank of Port Lavaca, a private corporation, of Port Lavaca, Texas; J. B. Moore; D. C. Roemer; A. D. Gibson; and R. W. Speece and George Bradford, composing the partnership firm of Alamo Construction Company; are defendants, and numbered No. 2068 on the docket of said court.

This suit is a Bill in Interpleader to determine the rights and equities of the various defendants in and to a balance of approximately \$9,798.00, owing by plaintiff upon the completed construction of approximately seven miles of public highway known as Section "D" of State Highway No. 3, in Medina County, Texas, done and performed by defendant firm of Miller & Farmer, and by reason of the multiplicity of claims presented to plaintiff by purported creditors of defendant firm of Miller & Farmer covering labor and material furnished in performance of the contract for construction of said section of highway, and notice given plaintiff of assignments by said defendant Miller & Farmer of said balance due on said contract to various defendants above named, plaintiff cannot know to whom to pay said balance and files this suit for adjudication of the rights of all parties defendant as well as of plaintiff in and to such balance of contract consideration. Defendant Miller & Farmer having executed to plaintiff their bond on the 30th day of April, 1923, as principal, with defendant New Amsterdam Casualty Company, as surety, in the sum of \$25,000.00, conditioned among other things for the payment of all accounts, claims and obligations incurred by or on behalf of defendant Miller & Farmer in performance of said contract, said defendants are alleged to be jointly and severally liable and bound to plaintiff upon said bond for payment and discharge of all said accounts, claims and obligations.

**CASING IN MEDINA COUNTY BLACKBURN TEST.**

The Oil Company started running casing into the hole in the No. 1 Blackburn Thursday and a test of the Edwards line in that hole is expected in a short time.

Well at 1,845 went into what is supposed to be the top of the Edwards line. It had an odor of the core of the Georgetown and they think that it looks good for producer.

The well is in Medina County, northeast of Hondo and a little east of the producing wells in the field. It is one of the first to go down to the Edwards line and production in the Edwards line is what most of the wildcats looking for it will be an interest until finished.

No. 1 Haegelin of the Medina Oil Company which tested out at a little below 1,900 feet on the Haegelin South of Hondo and between town and the Ina field, has plugged back and will test out a show at around 1,600 feet in the Edwards line. The lower test was in the Edwards line and it got water.

There have been rumors there would be another still test in that territory that would go down to the Glenrose or deeper. This has not been confirmed.

Man Bros. of Ardmore, Okla., recently spudded in on the north West of Noonan, are drilling a hole but have been drilling a short time and the Caudill on the Jungman tract in the west part of Medina is drilling a few hundred feet.—Friday's.

ANOTHER FIRE.**

About 2:30 o'clock Monday morning a house occupied by Levi Edwards and wife, just north of the Plant, caught fire from some cause, and was entirely consumed, together with practically all contents.

The family was sleeping on the second floor of the building and it was completely enveloped in flames when they awoke, and the fire consumed everything so rapidly that there was no chance to save any of the contents of the building. The loss was very heavily upon the family.

The prompt arrival of the fire boys and their fire-fighting apparatus saved any spread of the flames, and, in some of which was dangerously exposed.

The Hondo's third fire recently. The Presbyterian church burned three or four weeks ago. Two weeks ago a house in the west part of town, occupied by the family, caught fire but was through its prompt discovery. Everything so dry people are not too careful in handling

Other committees will be announced later.

Tuition to the amount of \$2.00 per month will be charged to all who are seven years of age after September 1st, 1925.

All children in the first seven grades living outside of the district and who transfer their state money will be charged \$18.00 for the nine months which is the rate of \$2.00 per month. Children who do not have their state apportionment transferred will be charged \$32.00 for the nine months.

All pupils in the high school living outside of the district and who transfer their state money will be charged \$22.50 for the nine months. Pupils who do not transfer their state apportionment or have it done will be charged \$36.50 for the nine months.

The patrons living outside the district will note that we have raised those who mourn.

the amount from \$2.00 to \$2.50 for the high school. Our reason for doing that is that it costs more per head in the high school than it does in the grades.

We realize that the state will furnish \$14.00 for each child this year, but the average expense for the grade child is \$32.00 per year and that is where the \$18.00 charge is made. The average cost of the High School is \$36.50 and that is our reason for charging \$22.50 for the nine months. If a child does not transfer his state money he will have to pay the full amount. If any child is thinking of attending the Hondo Schools it is to his interest to see that his state money is transferred.

The teacher and students will be pleased to have the mothers and fathers out at the opening of school. This school is not a private affair, it is the people's institution.

Come out and help us get started for the year. We are always glad when any good mother or father comes out to see the school.

You are always welcomed.

P. P. BREWSTER,  
Superintendent of Schools.

DIED.**

Rose Bailey Lundeen died in New York City Monday, August 31, 1925. Her body will reach San Antonio Saturday night and she will be buried from the Porter-Loring Undertaking Parlor Sunday at 3:00 p. m., interment being in Roselawn cemetery.

Deceased was the daughter of the late Wilson Bailey and Mrs. Emma Bailey and was reared to young womanhood in Hondo. She is survived by three sisters, Mrs. Hattie Bailey Crane of Yancey, Georgia, Bailey Horton and Jessie Bailey Walker, both of San Antonio, and two brothers, Fisher Bailey of San Antonio and Raymond Bailey of Hondo.

This paper joins in sympathy for those who mourn.

**"BUDDY."**

(With apologies to Kipling.)

I went into a public 'ouse to get a bit 'o cheer,  
The citizens they up and said "We want no legionaires here,"  
The folks be'ind the bar they laughed and giggled fit to die,  
I outs into the street again, an' to myself sez I:  
O it's Buddy this, an' Buddy that, an' "Buddy go away;"  
But it's "Thank you, Mister Legionaire," when the band begins to play.  
The band begins to play, my boys, the band begins to play,  
O it's "Thank you, Mister Legionaire," when the band begins to play.

I went into a theater as sober as could be,  
They give a drunk civilian room, but 'adn't none for me;  
They sent me to the gallery or round the music 'alls,  
But when it comes to fightin', Lord! they'll shove me in the stalls.  
For it's Buddy this, an' Buddy that, an' "Buddy wait outside;"  
But it's "Special train for Legionaires," when the trooper's on the tide.  
O makin' mock o' uniforms that guard you while you sleep  
Is cheaper than them uniforms, an' they're starvation cheap;  
An' hustlin' drunken sodgers when they're goin' large a bit  
Is five times better business than paradin' in full kit.  
Then it's Buddy this, an' Buddy that, an' "Buddy 'ow's yer soul?"  
But it's, "Thin brown line of 'eroes'" when the drums begin to roll.

We aren't no thin brown 'eroes, nor we aren't no blackguards too,  
But single men in barracks, most remarkable like you;  
An' sometimes our conduct isn't all your fancy paints,  
Why, single men in barracks don't grow into plaster saints.  
While it's Buddy this, an' Buddy that, an' "Buddy fall be'ind;"  
But it's "Please to walk in front, sir," when there's trouble in the wind.

For it's Buddy this, an' Buddy that, an' "Chuck him out, the brute!"  
But it's "Saviour of 'is country when the guns begin to shoot;  
An' It's Buddy this, an' Buddy that, an' anything you please;  
An' Buddy ain't a bloomin' fool—you bet that Buddy sees!

**REPORTS SAY AMY WELL TO BE FINISHED NOW.**  
Reports current this week, since the bringing in of the Wilson well at around 100 barrels, that the Amy No. 1, three miles below Devine, standing at 2,700 feet flowing salt water and with good showing of oil on the pit, will be finished. The machinery has never been moved, Mr. Reiesner, the driller, has always maintained that oil could be brought in, if reamed and the water cut off. Other parties with money have now come to the rescue of the present drillers and lease holders and we are glad to hear that the well is to be finished. It is supposed to be drilled into the Edwards lime.

**HORSE BITES YOUNG MAN'S EAR OFF.**  
George Bowman, age about seventeen, son of Mr. and Mrs. W. H. Bowman, while feeding horses at the farm, Thursday evening had the misfortune of getting an ear bitten off by a mean horse, he was feeding. It seems that the horse is accustomed to biting other horses, and fighting them off the feed, and George was trying to get him to his own trough, when he turned, snapped at George with the result of getting the upper part of an ear. It was very painful and George was rushed to town for treatment, and it will be sometime before his ear is healed up to say nothing of the pain and discomfort, as well as the loss of a part of the ear.

**FROM BIRY.**

**CARD OF THANKS.**  
Hondo Volunteer Fire Dept.  
Hondo, Texas.  
Gentlemen:—  
We take the opportunity of expressing our appreciation for the quick liberal response of the Hondo Volunteer Firemen with their efficient equipment which the town of Hondo can justly feel proud of.  
It was only through the quick action of our brave efficient fire organization that saved the Hondo Light, Power & Ice Co., wagons, barn, horses and surrounding houses which were all in serious danger of loss.  
The chemical equipment located on the North side of the fire, and the truck entered the South side, dropping the suction hose in a tank containing 20,000 gallons of water, which positions made it most effective and soon had the fire under control.  
With the same hearty support of the people it will make it possible for the present organization who take the interest and make the efforts to make the Fire Department so efficient for the safety of the town.  
Yours very truly,  
A. G. Walker, Mgr.

**MEDINA COUNTY WILL TOP MAIN EAST-WEST ROAD.**  
County Judge Ralph J. Noonan of Hondo was here for a conference with Highway Commissioner John H. Bickett Thursday, said the main road across Medina County, east and west, will shortly be topped and made the equal of any in the State.  
"Appropriation of the necessary money by the State Highway Department for the State and Federal aid end of it has already been made," Judge Noonan said, "and I am assured by Mr. Bickett there will be no unnecessary delay in letting the contract and proceeding with the improvement. With that highway finished with a hard surface, our county will have a whole lot of mileage of as good roads as any section can consistently want or require. We have not only been able to take care of the main trunk lines in our county, but have been permitted to build some important laterals."—Friday's Express.

**MISS ETHEL SAUNDERS DEAD.**

**TO THE PARENTS OF CHILDREN IN MEDINA CO.**  
Little folks often unwittingly and unknowingly go along handicapped by defects of vision that slow their understanding and make them seem dull. It isn't natural for a child to have headaches, to be uninterested, to be sluggish. If his eyes are probably the cause. He is money in the world is so well spent as that expended for improvement of the child's eyes. If your child is free from this handicap it is matter for rejoicing. If not, let us check the defect before it develops. There are in Texas 1,335,000 children in the scholastic age and 10 per cent with deficient vision \$14.00 is proportioned for each child for the ensuing year. If the child doesn't see properly this money is wasted.  
Your energy and the child's opportunity are gone.
